Sue Gallagher  
[Redacted]

Dear Sue:

Your Alfa is now here and it has been media blasted (sandblasted) to remove the old paint, bondo and rust. In some areas the body seems to be quite solid and rust free. However, other areas, especially the rocker panels are in very bad shape and need complete replacement. I have recently spoke with Alan Hall, who carries these panels and he can ship them out to us any time. They are not that expensive, but they do add up.

At this point I do not have an exact dollar amount because there are other areas of concern, such as the nose piece and some of the floor braces. The nose piece had some extensive damage at some time and it was not repaired correctly.

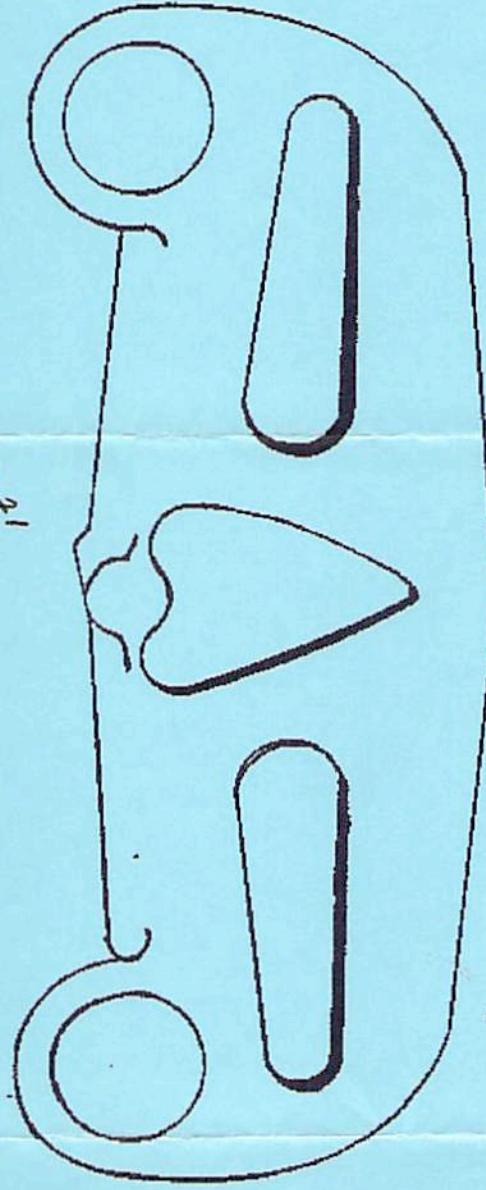

At this point I would like to invite you out to our facility to see the car and the condition it is in, so that I may explain the necessary work needed to restore the structural integrity along with making the car look brand new again. I look forward to meeting with you.

Sincerely,

Doug Kielian

P.S. I have enclosed some photos to help you understand the context of this letter.

April 5, 1997

Sue Gallagher

Dear Sue:

We have completed our work on your 61 Alfa Romero Spyder. I have enclosed some of the photos of the work in process. We would really like to get a couple of photos of it when it is completed and back on the road.

I have written many appraisals for people with classic vintage cars of all types for insurance purposes. If you would like me to write one for you, please let me know when the Alfa is completely finished.

I have enclosed a copy of the final bill. There were no other changes from the itemized bill that I sent in January. Please send the remaining due of \$3455.51. Thank you for the opportunity to work on your car. We really enjoy working on unique specialty vehicles and with people like you.

Sincerely,

Doug Kielian

## Required Parts (some suggested)

### Engine / Transmission

- Exhaust system
- Ring gear / T.O. Bearing
- Pressure plate clutch Disc
- Crank rebuild kit
- Major Tune up / New wires
- Eng + Trans repair/rebuild

### Suspension / Brakes

- Master cyl repair kit
- Brake Lines (front only)
- Brake overhoul (rear appears to have prior work)

### GAS System

- Gas lines
- Tonic Internal filter
- Fuel pump
- Tonic Straps
- Tank gromets / neck rubber

Fuel tank needs cleaned

### Interior

- Insulation shields
- New seat belts
- Interior kit
- Vent tubes / Heater tubes

### Cooling

- Radiator hoses
- Cooling / Heater hoses
- Radiator bottom plug
- Thermostat

### Wiring / Electrical

- Harness 1) Replace
- 2) Repair ?

Rubber gromets

Relay boxes

### Exterior

- windshield gaskets
- windshield (?) star cracks
- Light Gromets/rubbers
- New top (?)

### Drive Train

- Rear axle limit straps
- Rubber "U" Joint
- U-Joint
